Innovative Products
Fast Lead Times

Features

- Capacities from 15,000 to 40,000 lbs
- Single-bend design
- With the dock side bend eliminated, it's a smoother transition for pallet jacks to take on
- Minimize the chance of low under-clearance issues
- Fixed (locking) leg design
- Lifting chains

All welded construction

- 4" high curbs allows you to custom fit
- Widths from 60" – 84"

Lengths from 48" – 120"

**Above dock loading only*

Model TNB

Optional Features

- Higher capacities available
